

Increase AP® Opportunities and Improve Outcomes

Whether your goal is to offer more Advanced Placement® (AP®) courses, provide an authorized AP curriculum for your classroom teachers, or offer virtual AP courses, Apex Learning® offers options for both virtual and blended learning programs with digital courses authorized by the College Board AP Course Audit.

Create and Expand Access with Virtual Learning

Apex Learning digital curriculum helps high schools across the country to implement virtual AP programs to provide flexibility to schools that address a range of needs including:

- Creating a virtual program using your own teachers and Apex Learning digital curriculum
- Offering an AP program with instruction provided

Increase Outcomes on AP Exams

Students enrolled in Apex Learning AP courses outpace their peers nationwide. During the 2016-2017 school year, Apex Learning Virtual School AP students outpaced the national average by 5 percentage points with 65 percent of them scoring a 3 or better on their AP exams.

AP Exam Practice and Preparation

To help students prepare for AP exams, our virtual programs include to practice tests and resources provided by the College Board. For each unit in an AP course, students can test their knowledge on multiple-choice tests and review the rationale for correct and incorrect answers. Plus, our experienced teachers share test-taking tips with students that they have gathered while teaching AP courses or serving as AP Readers.
