

# Maryland Tutorials with Adaptive Remediation

Designed specifically for Maryland's College and Career-Ready Standards that prepare students for the PARCC, HSA, and MSA

Adaptive remediation down to elementary-level content

Raise exam scores, promotion rates, course pass rates, and post-secondary readiness for students in Grades 6–12 through an easy to implement, standards-aligned solution that's proven to get results. Adaptive, state-specific Tutorials help Maryland educators increase achievement by quickly identifying each student's learning needs and delivering personalized instruction, practice, and review.

## Raise Outcomes for All Students — From Struggling to Advanced

**Close the gaps.** Adaptive remediation down to elementary-level content and real-time support for struggling students allow *all* students to reach grade-level mastery, no matter where they start.

**Raise exam scores.** Personalized learning plans target the skills and concepts where students need the most attention, while reporting by standard gives teachers and administrators constant insight into test readiness.

**Graduate all students college- and career-ready.** College and career readiness Tutorials prepare students for college entrance and high school equivalency exams by giving students the focused support they need to excel.

Designed for tablets, Chromebooks™, laptops, desktops, and any device with an Internet connection.

“Our students have a natural, deep interest in the content Apex Learning provides because it is very engaging. It is the ideal solution for us.”

**Ryan Imbriale**

Executive Director, Department of Innovative Learning  
Baltimore County Public Schools

## Powerful, Ready-to-Go Solutions

Tutorials help districts amplify the achievement of every student through flexible, easy-to-implement programs.

Test Readiness

Intervention

Unit Recovery

Blended Learning

Summer School

Special Populations

High School Readiness

ACT® and SAT® Prep

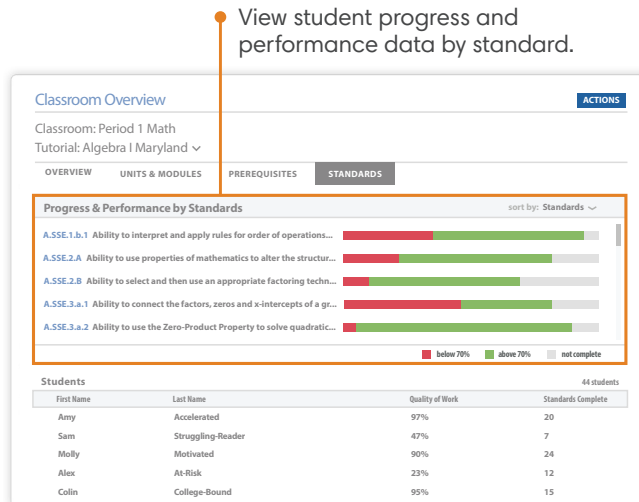

## Reporting by Standard

Integrated dashboards and automated reports provide progress and performance data by standard, giving teachers and administrators the real-time insight they need to continuously support student success throughout the year.

**“The reporting functionality of Apex is awesome. I really appreciate it after using some other systems that just don’t cut it.”**

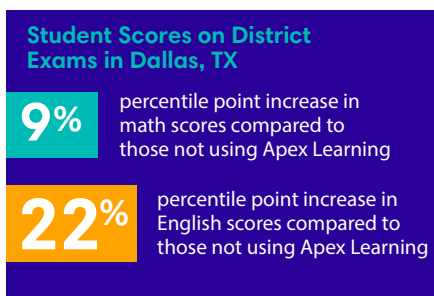

**Heather Pelletier**

Matanuska-Susitna Borough School District

## Proven Results

The most effective way to raise outcomes is to support at-risk students before they fall behind, and to challenge students who are at or above grade-level. Districts across the nation have used Adaptive Tutorials to increase achievement for students at all levels, from those ready to accelerate to those needing remediation.
