

# Michigan Tutorials with Adaptive Remediation

Designed specifically for the Michigan Academic Standards that prepare students for the Michigan Student Test of Educational Progress (M-STEP)

Adaptive remediation down to elementary-level content

Raise exam scores, promotion rates, course pass rates, and post-secondary readiness for students in Grades 6–12 through an easy to implement, standards-aligned solution that’s proven to get results. Adaptive, state-specific Tutorials help Michigan educators increase achievement by quickly identifying each student’s learning needs and delivering personalized instruction, practice, and review.

## Raise Outcomes for All Students — From Struggling to Advanced

**Close the gaps.** Adaptive remediation down to elementary-level content and real-time support for struggling students allow *all* students to reach grade-level mastery, no matter where they start.

**Raise exam scores.** Personalized learning plans target the skills and concepts where students need the most attention, while reporting by standard gives teachers and administrators constant insight into test readiness.

**Graduate all students college- and career-ready.** College and career readiness Tutorials prepare students for college entrance and high school equivalency exams by giving students the focused support they need to excel.

Designed for tablets, Chromebooks™, laptops, desktops, and any device with an Internet connection.

“Apex Learning has raised the bar well above our previous digital curriculum provider. The students are learning a lot and I’m so glad we switched to partner with Apex Learning.”

**Mark Coscarella, Ed. D.**

# Proven Results

The most effective way to raise outcomes is to support at-risk students before they fall behind, and to challenge students who are at or above grade-level. Districts across the nation have used Adaptive Tutorials to increase achievement for students at all levels, from those ready to accelerate to those needing remediation.
