Middle School Digital Curriculum

Personalized Learning for ALL Students,
from Struggling to Advanced

More Learning Happens

Inspired by the very real challenges teachers face in their classrooms every day, Apex Learning middle school digital curriculum ensures all students quickly reach and exceed grade-level mastery, no matter where they start.

- **Adaptive Tutorials** offer personalized learning paths, just-in-time remediation, and actionable data to ensure all students are successful the first time.
- **Comprehensive Courses** offer initial credit and course recovery for students who need a full-year curriculum.

The Apex Advantage

The measure of an effective curriculum is student achievement. Our digital curriculum is designed to support all students in achieving their potential, from those struggling with grade-level content to those capable of accelerating their learning.

The Apex blend of effective curriculum, actionable data, and success management ensures you get the outcomes you're expecting, and that your students deserve.

“Tutorials take instruction to another level. When my 8th grade students rotate to my group for focused instruction, I have their data and know what they need. Tutorials are what I’ve needed all of these years.”

Mrs. J. Greene

8th Grade Reading Teacher

Dorchester School District Two, South Carolina
