

Nevada Tutorials

with Adaptive Remediation

Prepare students for success on SBAC, Nevada Science Assessment, EOCs, and the ACT®

Create Opportunity

State-aligned Tutorials, customizable to your district's needs, adapt to each student and provide personalized instruction, practice, and review. Nevada students **achieved a 51% gain** from pretest to posttest. Here's how:

Increase End-of-Course Test Passage

Each student gets just what he or she needs for ELA and math end-of-course exam success—filling gaps and developing course proficiency.

Bring Middle School Students to Grade-Level Proficiency

By connecting adaptive remediation with on-grade skills, Tutorials efficiently fill gaps and build grade-level proficiency.

Topic-level pretests
identify skill gaps

Adaptive remediation—down
to elementary-level concepts
if needed—fills gaps in
prerequisite skills

On-grade instruction
supports EOC exam and
grade-level proficiency

Reporting by Standard

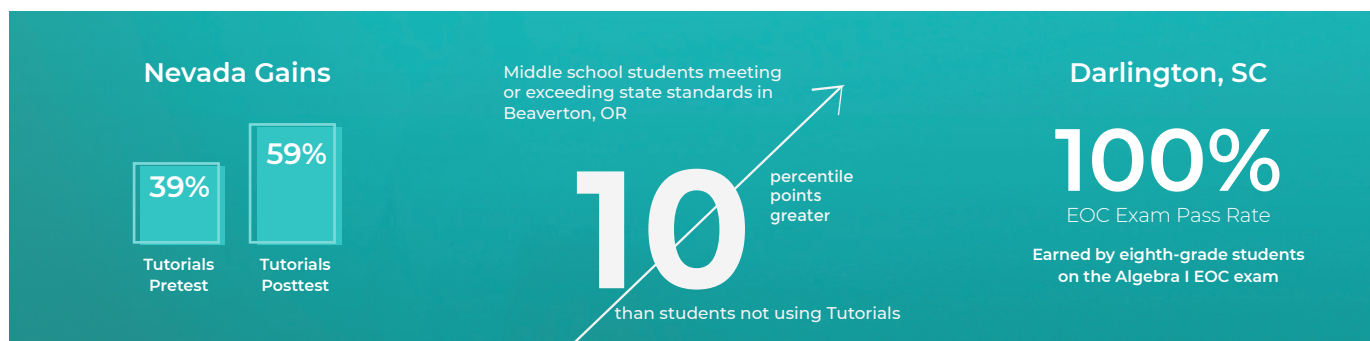

With real-time dashboards and reports, educators can tell where each student is—for each standard—so they have the information they need to support student success in class and on high-stakes tests.

Proven Results

Tutorials help students across Nevada and the nation achieve grade-level proficiency, and they help districts increase performance on ESSA indicators of achievement.

“With Apex Learning, we have been able to provide at-risk learners an individualized curriculum, which has helped to increase student achievement and given them the self-confidence they needed to be successful.”

Laurie Hunter
Principal
Santa Anna ISD, TX

2020-2021 Nevada Tutorials Catalog
