

# New Jersey Tutorials

## with Adaptive Remediation

Prepare students for success on New Jersey Student Learning Assessments (NJSLA)

### Create Opportunity

State-aligned Tutorials, customizable to your district's needs, adapt to each student and provide personalized instruction, practice, and review. New Jersey students **achieved a 64% gain** from pretest to posttest. Here's how:

### Increase End-of-Course Test Passage

Each student gets just what he or she needs for NJSLA-ELA 10 and Algebra I end-of-course exam success—filling gaps and developing course proficiency.

### Bring Middle School Students to Grade-Level Proficiency

By connecting adaptive remediation with on-grade skills, Tutorials efficiently fill gaps and build grade-level proficiency.

  
Topic-level pretests  
identify skill gaps

  
Adaptive remediation—down  
to elementary-level concepts  
if needed—fills gaps in  
prerequisite skills

  
On-grade instruction  
supports EOC exam and  
grade-level proficiency

## Reporting by Standard

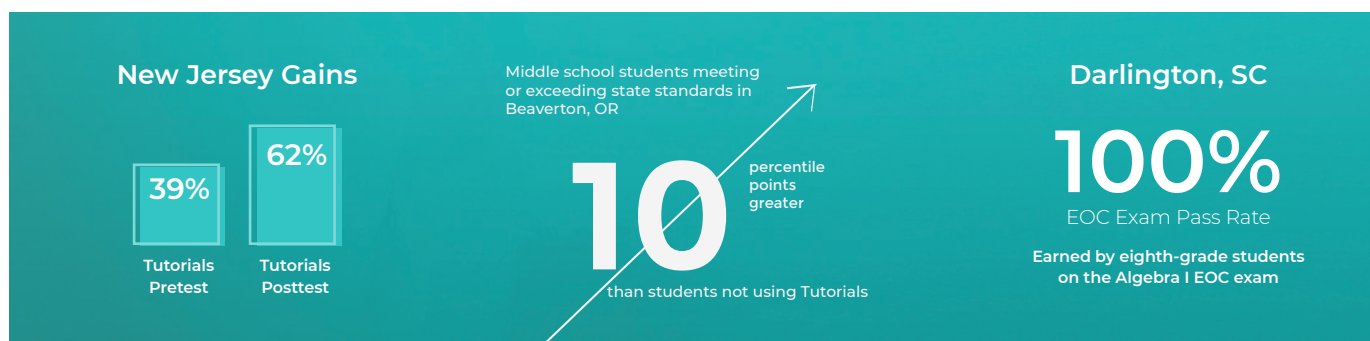

With real-time dashboards and reports, educators can tell where each student is—for each standard—so they have the information they need to support student success in class and on high-stakes tests.

## Proven Results

Tutorials help students across New Jersey and the nation achieve grade-level proficiency, and they help districts increase performance on ESSA indicators of achievement.

“Because of our partnership with **Apex Learning**, our teachers are able to truly differentiate instruction and provide options for learning. If it wasn’t for Apex, many students wouldn’t be able to graduate.”

**James Canfield**  
Principal  
Troy City SD, NY

## 2020-2021 New Jersey Tutorials Catalog

English	Math	Science
English Language Arts 6	Mathematics 6	Science 6
