

# New York Tutorials with Adaptive Remediation

## Designed specifically for the Learning Standards of New York State to prepare students for the Intermediate Level Testing and Regents Examinations

Raise exam scores, promotion rates, course pass rates, and post-secondary readiness for students in Grades 6–12 through an easy to implement, standards-aligned solution that’s proven to get results. Adaptive, state-specific Tutorials help New York educators increase achievement by quickly identifying each student’s learning needs and delivering personalized instruction, practice, and review.

## Raise Outcomes for All Students — From Struggling to Advanced

**Close the gaps.** Adaptive remediation down to elementary-level content and real-time support for struggling students allow *all* students to reach grade-level mastery, no matter where they start.

**Raise exam scores.** Personalized learning plan target the skills and concepts where students need the most attention, while reporting by standard gives teachers and administrators constant insight into test readiness.

**Graduate all students college- and career-ready.** College and career readiness Tutorials prepare students for college entrance and high school equivalency exams by giving students the focused support they need to excel.

Adaptive remediation down to elementary-level content

Designed for tablets, Chromebooks™, laptops, desktops, and any device with an Internet connection.

“Apex Learning digital curriculum has benefited everyone in our school community. Students have access to interactive curriculum with flexibility and supports, while teachers have access to supplemental curriculum. The reporting also opens communication between teachers, administrators, students and parents, and everyone benefits from the data that is generated to measure success.”

## Proven Results

The most effective way to raise outcomes is to support at-risk students before they fall behind, and to challenge students who are at or above grade-level. Districts across the nation have used Adaptive Tutorials to increase achievement for students at all levels, from those ready to accelerate to those needing remediation.
