About Apex Learning

Nearly two decades ago Apex Learning emerged as a leader in digital learning for secondary education, developing online Advanced Placement courses to provide students who would otherwise not have access the opportunity to take rigorous, college-level courses. Recognizing the challenges schools face in meeting the needs of every student — from those struggling to stay on track for graduation to those capable of accelerating their learning — the company continues to develop innovative, digital learning solutions to support teachers and provide every student with the opportunity to excel beyond his or her expectations.

Today Apex Learning offers a comprehensive catalog of rigorous, standards-based online courses that meet high school graduation requirements. Apex Learning Comprehensive Courses are used by schools nationwide for both initial credit and credit recovery. The company’s latest digital learning solution — Tutorials — are a key component of effective blended learning, providing classroom teachers with the critical resources they need to meet the needs of all students including preparation for high stakes assessments, targeted intervention and just-in-time remediation and enhanced instruction for all students.

Apex Learning, headquartered in Seattle, is accredited by AdvancED and its courses are approved for National Collegiate Athletic Association eligibility. For more information, visit www.apexlearning.com or call 1.800.453.1454.
