AP® and NCAA
Approved

Full-Time and Individual Enrollment Options

“Apex Learning Virtual School offered a wide selection of courses and frequent communication with my instructors. I loved the flexibility and the fact that I could learn at my own pace.”

James
Student

An Effective Learning Experience

For over 15 years, our online courses have helped more than 1,000,000 high school students sharpen their minds, gain confidence in their abilities, and start the road to college success — all without four walls. Students get inspired, get ahead, or retake a course, all with a more flexible learning schedule.

Instruction Supports Student Success Every Step of the Way

When students take online courses from Apex Learning Virtual School, they get the benefit of a team of experienced educators — those who designed the instruction, and those who monitor and support students every day.

Engaging, Motivating Lessons

Instruction is varied to keep student attention. Audio recordings, animations, formative exercises, and interactive simulations make the content engaging and take advantage of each student’s learning strengths.

Each lesson includes multiple opportunities for students to explore, apply, practice, and confirm their learning. This active learning approach develops critical thinking skills and deep understanding.

Experienced Online Teachers

For every course, students have an assigned teacher who monitors student progress, provides feedback, and is available for student questions through email and office hours. Students can rely on Apex Learning Virtual School teachers who each have an average of 21 years of teaching experience — 7 of those years online.

Our Advanced Placement®(AP®) teachers have an average of 14 years of AP teaching experience, 9 of them online. They know what to expect on the AP exam and how to ensure students are fully prepared.

Individualized Pace and Support

With 24/7 access to their courses, students are able to work at their own pace through the course work. While students can work ahead, they also receive assignment due dates to keep them on track to complete each semester course in 18 weeks.

Students benefit from the continual guidance and feedback provided by the opt-in support and scaffolds integrated into every course. This includes on-demand review of each lesson, one-click word definitions, and a read aloud option.

Exceptional Student Outcomes

The effectiveness of our strong instruction and support for each student is proven in our consistent success rates. Each school year, the average passing rate across Apex Learning Virtual School AP courses outpaces the national average for the same courses.

During the 2014-2015 school year, 68 percent of Apex Learning VS AP students scored a 3 or better on the AP exams across courses, out-pacing the national average by 7 percentage points.

Advanced Placement® and AP® are registered trademarks and/or owned by the College Board, which was not involved in the production of, and does not endorse this product.

By taking our online courses while training for national figure skating competitions, Christina could travel and compete globally and successfully graduate from high school. She now attends Harvard University.

Students Meet Graduation and College Goals

With Apex Learning Virtual School, students:

- ▶ Get ahead
- ▶ Recover credits
- ▶ Complete AP courses
- ▶ Earn NCAA eligibility
- ▶ Take courses for homeschool

Flexible school time provides a great summer school option and helps students earn a diploma while they are:

- ▶ Pursuing sports or the arts
- ▶ Traveling
- ▶ Taking time for health issues

Choosing the Right Online High School

Independent advisors evaluating online high school programs recommend parents look for what Apex Learning Virtual School delivers.

- ▶ Accreditation
- ▶ History and experience
- ▶ Experienced online teachers
- ▶ Teacher interaction
- ▶ Comprehensive content
- ▶ Engaging content
- ▶ Flexible schedules
- ▶ Weekly progress reports for parents

Our school meets the highest standards of excellence

Apex Learning Virtual School is accredited by the Northwest Accreditation Commission (NWAC), an accreditation division of AdvancED. Comprehensive courses are aligned to state and Common Core standards, approved for initial eligibility through the National Collegiate Athletic Association (NCAA), and certified for fulfilling a-g subject requirements for California university admissions. Advanced Placement® (AP®) courses are College Board approved.

“I would highly recommend Apex Learning online courses to other high school students. The caliber of the instructors, administrators, and curriculum is second to none.”
