

Kentucky Tutorials

with Adaptive Remediation

Prepare students for success on K-PREP and the ACT

Create Opportunity

State-aligned Tutorials, customizable to your district's needs, adapt to each student and provide personalized instruction, practice, and review. Kentucky students **achieved a 91% gain** from pretest to posttest. Here's how:

Bring Middle School Students to Grade-Level Proficiency

By connecting adaptive remediation with on-grade skills, Tutorials efficiently fill gaps and build grade-level proficiency.

Increase State Test Scores

Personalized learning plans target just what each student needs—filling gaps and developing standards proficiency.

Topic-level pretests
identify skill gaps

Adaptive remediation—down
to elementary-level concepts
if needed—fills gaps in
prerequisite skills

On-grade instruction
supports EOC exam and
grade-level proficiency

Reporting by Standard

With real-time dashboards and reports, educators can tell where each student is—for each standard—so they have the information they need to support student success in class and on high-stakes tests.

Proven Results

Tutorials help students across Kentucky and the nation achieve grade-level proficiency, and they help districts increase performance on ESSA indicators of achievement.

“Because of that higher-level thinking that they’ve been exposed to day in and day out, when they get to the state assessment they’ve come back and said, ‘That’s not nearly as bad as I thought it would be.’”

Michael Chambers
Teacher
Mineral Point Unified SD
