

Pennsylvania Tutorials

with Adaptive Remediation

Prepare students for success on the Pennsylvania Keystone and PSSA exams

Create Opportunity

State-aligned Tutorials, customizable to your district's needs, adapt to each student and provide personalized instruction, practice, and review. Pennsylvania students **achieved a 61% gain** from pretest to posttest. Here's how:

Increase End-of-Course Test Passage

Each student gets just what he or she needs for success on the Literature, Algebra I, and Biology Keystone exams required for graduation—filling gaps and developing course proficiency.

Bring Middle School Students to Grade-Level Proficiency

By connecting adaptive remediation with on-grade skills, Tutorials efficiently fill gaps and build grade-level proficiency.

Topic-level pretests
identify skill gaps

Adaptive remediation—down
to elementary-level concepts
if needed—fills gaps in
prerequisite skills

On-grade instruction
supports EOC exam and
grade-level proficiency

Reporting by Standard

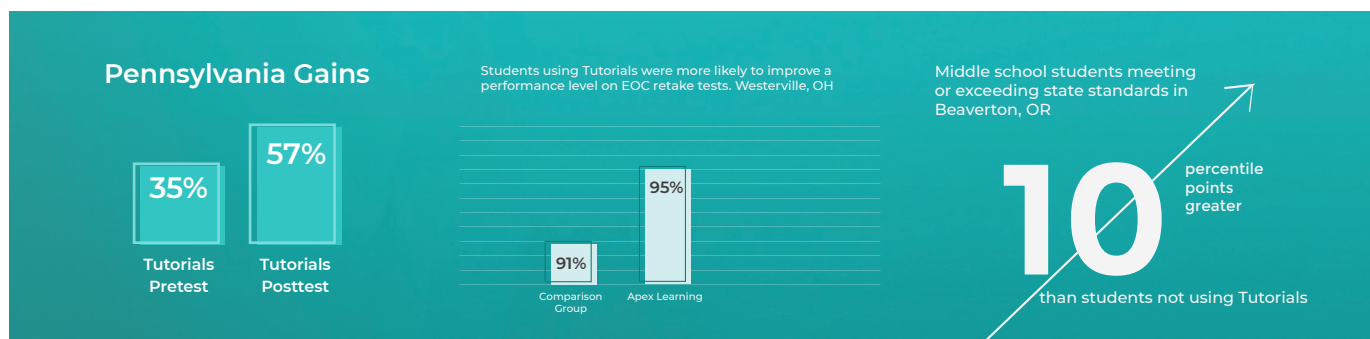

With real-time dashboards and reports, educators can tell where each student is—for each standard—so they have the information they need to support student success on Pennsylvania Keystone and ESSA-mandated assessments.

Proven Results

Tutorials help students across Pennsylvania and the nation pass exams required for graduation and achieve grade-level proficiency, and they help districts increase performance on ESSA indicators of achievement.

“This is the first time I have ever seen our students taking initiative for their work. Students are smiling over their success with Apex Learning and have a sense of accomplishment and independence that I have never seen before.”

Dave Mandell
Department Chair, Martin Luther King HS
School District of Philadelphia
