

Our online AP French Language course is an advanced language course in which students acquire proficiencies that expand their cognitive, analytical and communicative skills. The AP French Language course prepares them for the AP French exam. It uses as its foundation the three modes of communication (Interpersonal, Interpretive and Presentational) as defined in the Standards for Foreign Language Learning in the 21st Century.

The course is designed as an immersion experience requiring the use of French exclusively. The online learning coach only uses French to communicate with students. In addition, all the reading, listening, speaking and writing is in French.

The course is based on the six themes required by the College Board, namely,

1. **Global challenges**
2. **Science and technology**
3. **Contemporary life**
4. **Personal and public identities**
5. **Families and communities**
6. **Beauty and aesthetics**

The course teaches language structures in context and focuses on the development of fluency to convey meaning. Students explore culture in both contemporary and historical contexts to develop an awareness and appreciation of cultural products, practices, and perspectives. The course contains a forum where students share their own opinions and comments and comment on other students' posts. The course makes great use of the Internet for updated and current material.
