

Middle School U.S. History Tutorials offer targeted instruction, practice, and review designed to build middle school students' knowledge of early U.S. history and command of historical thinking skills. Students engage with the content in an interactive, feedback-rich environment as they progress through standards-aligned modules. By constantly honing their ability to analyze the foundations of U.S. history, students build the depth of knowledge and higher-order thinking skills required to demonstrate their mastery when put to the test.

In each module, the Learn It and Try It make complex ideas about U.S. history accessible through focused content, guided analysis, multi-modal representations, and personalized feedback. The Review It offers a high-impact summary of key concepts and relates those concepts to students' lives. The Test It assesses students' mastery of the module's concepts, providing granular performance data to students and teachers after each attempt. To help students concentrate on the content most relevant to them, unit-level pretests and posttests can quickly identify where students are strong and where they're still learning.

This Tutorial is built to state standards.

1. FIRST PEOPLES AND EUROPEAN COLONIZATION

- THE FIRST PEOPLES OF NORTH AMERICA
- COLONIZING NORTH AMERICA

2. THE BRITISH COLONIES IN NORTH AMERICA

- THE NEW ENGLAND, MIDDLE, AND SOUTHERN COLONIES
- LIFE IN THE BRITISH COLONIES

3. WINNING INDEPENDENCE

- THE BUILDUP TO INDEPENDENCE
- THE DECLARATION OF INDEPENDENCE
- THE REVOLUTIONARY WAR
